

DAY 1: Thursday 21 February 2019

8:00 REGISTRATION

8:45 **Welcome Remarks:** *Programme Director: Brigette Baillie: HSF*

9:00 **Keynote Address:** **Navigating Africa and understanding the continents needs relating to IPPs, PPAs and PPPs**

9:20 **Address:** **Power purchase agreements and competitive power markets: irreconcilable differences?**

9:40 **Address:** **The South African REIPPP - the success, lessons learnt and the future**

10:00 REFRESHMENTS

10:30 **Panel Discussion 1:** **IPP, PPAs and electricity market reform.**
Opening the market to independent power producers (IPPs) has brought power purchase agreements (PPA) with it. The characteristics of a PPA depend on the electricity market, energy demand, political and policy requirements. The current form of PPA may well change as the proportion of IPP generation changes and in line with market reform requirements.

11:30 **Panel Discussion 2:** **Private PPAs - Finding new markets for IPPs.**
What do you do when government does not sign the or approve PPAs?
What new scope is there in the African market for IPPs and what type of PPA needs to be entered into?

13:00 LUNCH

14:00 **Panel Discussion 3:** **Key Considerations for Private PPAs**
Wheeling / Project Bankability / Finance / Contractual & Legal / Market Conditions

15:00 REFRESHMENTS

15:30 **Panel Discussion 4:** **Selling and buying Power Purchase Agreements**
PPA risks and termination
Electricity price risks and how they mutate
Understanding the Offtaker's creditworthiness and the risks associated with the Offtaker

17:00 **Closing Remarks:** *Programme Director: Brigette Baillie: HSF*
